

## PRESS RELEASE

### Win a bit-tech built Enermax Revolution PC

The new **Enermax** website is online and you will see that a lot has changed. We've got a brand new design and improved the navigation – from now on you can get all the information you need about Enermax products much faster. We've also improved the support and service area to respond to your questions and problems far quicker as well. Together with our partner Bit tech we offer to you an exclusive Lucky Draw with very attractive prizes introducing our new online presence.

All you need is to let us know your opinion about our new website and our brand. The first prize will be an "Enermax Revolution System" in value of £ 1.000. This system is not available on the market and was spec'd, built and tested by Experts of Bit tech in London exclusively for this Lucky Draw.

The hand built high-end system provides much gaming power and features not less than:

- Enermax Phoenix case (slightly modified)
- 2 x Enermax Magma 120mm fans
- Enermax Revolution 85+ 850W PSU
- Asus M3A79-T motherboard (AMD AM2+ 790FX/SB50)
- AMD Phenom II 940 CPU (overclocked to 3.6GHz)
- Asus Radeon HD 4870 "Dark Knight" Graphics Card
- Kingston 4GB PC2-8500 DDR2 Memory
- ThermalRight Ultra Extreme CPU cooler
- LG GGC H20L HD DVD, Blu-ray DVDRW optical drive
- Samsung F1 1TB SATA hard drive
- Windows Vista Home Premium x64

It's a very silent and very capable gaming machine that comes pre-overclocked and tweaked by at bit-tech.

---

You can look forward to following prizes:

#### Enermax Revolution System

Click here to [see](#) more pictures of the system building story. The powerful and very silent system is awaiting the lucky winner.  
Value: £ 1.000

#### Revolution85+ 1050W

The Revolution85+ is the beginning of the new generation of powerful and simultaneously energy saving (Silver Award 80PLUS® certified) PSU. With efficiency up to 91% Revolution takes over the leading role in its class.  
Value: £ 222

3.

#### LibertyECO 500W

LibertyECO is the economical and energy saving successor of the worldwide bestseller power supply series Enermax Liberty. LibertyECO reaches between up to 86 percent efficiency (80PLUS® certified). Additionally LibertyECO provides an innovative and forward-looking modular cable management.  
Value: £ 86,94

4.

#### Aurora Premium Keyboard

The brushed aluminium and diamondcut edges lead to the unique and noble Aurora Premium look. No surprise, that Aurora gained the "red dot design award 2007". The "Scissors" key switch technology affords a quiet and flexible key stroke during work and gaming. You might know that feeling from notebook keyboards.  
Value: £ 48,16

5.

#### 2x Cluster Fans 12cm

The white cooling fan series Cluster is designed for the PWM usage of your mainboard. Rotation speed can be adjusted and varied between 500~1200 RPM.  
Value: £ 21,12

6.

#### 2x Everest Fans 12cm

Everest series provides temperature-sensitive control of rotation speed. It achieves between 500 RPM at a temperature of about 25 °C and 1500 RPM at 45°C (valid for 8cm and 9cm model). The 12 cm model reaches between 500 and 1000 RPM.  
Value: £ 18,78

---

Good luck to everyone entering the Enermax competition!
