Enermax sponsors Gigabyte Open Overclocking Championship (GOOC) 2009

Team “Midland Computers” won British overclocking contest

The British preliminary round of official overclocking world championship came to an end: “Midland Computers” outperformed all and will take part in European final in Czech. Enermax powered contestants with high-end PSU series Revolution85+.

Hamburg, 13th March 2009. The British preliminary round of Gigabyte Open Overclocking Championship (GOOC) took part in Milton Keynes. Five overclocking teams competed for the next round in front of a live audience in Xscape Snow Dome. Visitors were witnesses of a thrilling contest. At the end “Midland Computers” prevailed with only one point advantage over their strongest competitor “Benchtec”. They presented an excellent adjusted system and achieved outstanding benchmark results – in SuperPI 8M as well as in 3DMark06.

Impressive PSU performance

Power supply was provided by Enermax: Participants were impressed by phenomenal performance of high-end PSU Revolution85+ 1050 W. The six massive 12V rails kept stable voltage even under extreme load – optimal condition for overclocking purposes.

Winning team will represent Great Britain in European final round in Czech on 17th and 18th April. The prize for the best European teams: a trip to Asia to the world overclocking final. It will take place within Computex in Taipei (Taiwan).

Results of British live contest

1. Midland Computers	25 points
2. BenchTec	24 points
3. Yoyo Tech	17 points
4. Darkcat Systems	14 points
5. Ben	10 points
